

# Congratulations!

You've just drafted your Will - how easy was that? Now that you're finished, you'll need to follow the execution instructions below to make sure it can be used.

## Next Steps:

### ***Read and Check Your Will Thoroughly***

Please check that all the details provided are correct, and that your intentions are reflected clearly in the Will.

### ***Appoint your Witnesses***

You should have at least 2 witnesses. You can appoint anyone as your witness *except* beneficiaries or their spouses.

### ***Date your Will***

Date the cover page, and on the last page of your Will.

### ***Sign it together with your Witnesses***

Sign the document clearly at the foot of the Will and have your witnesses do the same in the allocated spaces. You should sign the Will at the same time in the presence of each other.

### ***Don't change anything by hand***

*Don't* edit your Will by hand. Even if you think it's only a small mistake, this amendment may not be recognised. If you do need to make a change, WillCraft lets you edit your Will for free within 7 days\*. The old Will should be destroyed completely.

7 days of free edits is only available with WillCraft Premium. WillCraft Basic has 3 days of free edits. This is excluding any addons that you may have purchased.

Your Will is now ready to go! Remember to tell your loved ones that you've written one and keep it in a safe place where they can find it.

If you're unsure of any of the above, don't hesitate to reach out to your lawyer for legal advice. If we've referred you one, you may reach out to him/her, otherwise, you may also contact us at [enquiry@willcraftnow.com](mailto:enquiry@willcraftnow.com) and we'll be happy to refer you to lawyers that we work with.

You may also want to register your Will with the Wills Registry in Singapore [<https://www.mlaw.gov.sg/eservices/pto/welcome.xhtml>].
